Tri-State Five Star Showcase

(513) 831-8873

**August 3rd and 4th
Midland Field**

What makes us different

Champions Five Star is the longest running showcase in the Tri-State area, which will be led by former pro scout and Champions' Director of Baseball Mike Bricker. This will be our 16th year and we have had hundreds of players that have attended, many of which have gone on to play at the college level. Our showcase offers an opportunity to spend time interacting with college coaches one on one, learning and discussing exactly what they are looking for in a college player.

As in the past, 15-20 college coaches will be present during our showcase, 5-6 of which will work with the players on the field with drills and workouts along with Champions' professional staff. Players will be evaluated and provided top-notch instruction during workouts and games.

This two-day showcase also features Champions' College Workshop, which is a seminar designed to offer players and parents insight and essential information about recruiting and taking the next step to play college baseball.

The showcase concludes with a nine-inning game to allow the college coaches to see the players in real game situations. This will be streamed live for coaches that cannot be in attendance.

ALL PLAYERS WILL RECEIVE:

STATISTICAL REPORT

- 60 yard dash time
- Rapsodo analysis (exit velocity, launch angle, and distance)
- pitching velocity (pitchers)
- throwing velocity (fielders)
- pop time (catchers)

*DISCOUNTED LESSON RATES

*DISCOUNTED RATE ON COLLEGE RECRUITING VIDEO
